HAD NARROW ESCAPE

A number of young boys from the East End of the city built a raft in the backwaters near the L. & N. Roundhouse on Saturday and while playing "pirate" and "German submarine" one of their number fell into the water and had a very narrow escape from being drowned. He was pulled out by his companions. The water at the place the boys were playing was very deep.

As it has been reported that the high water has shut us out of business we take this opportunity to say high water has not interfered with us at any time. We are still doing business at the same old stand. Come on with your tobacco.

RAIL STRIKE IS OFF

Railroads Authorize Mediators to Meet Demands of Employees—Basic Eight-Hour Day to be Into Effect Regardless of Supreme Court Decision Says Lane.

New York, March 19—The Conference Committee of Railroad Managers today authorized President Wilson's mediators to make whatever arrangements were necessary with the railroad brotherhoods to call off the threatened strike.

An official of the Conference Committee of Railroad Managers announced at 12:45 o'clock that the railroad strike was off.

A few minutes after the announcement was made the railroad managers went from the Grand Central terminal to the conference hotel and were joined at once by the mediators. They refused to make any statement on the way to the meeting room.

The brotherhood men arrived at the hotel at 1:20 and immediately went to the conference room. The managers left the conference room at 2 o'clock, but the brotherhood chiefs remained in conference with the mediators.

The mediators and managers were believed to be awaiting the arrival of the brotherhood chiefs who had returned before making the announcement that the strike had been averted.

The managers, headed by Elihu Lee, returned to the conference room at 2:20 o'clock and Secretary Lane sent for newspaper men.

Secretary Lane issued this statement:

"Regardless of the decision of the Supreme Court on the Adamson law the basic eight-hour day will go into effect."

"The details are being worked up by a joint committee which will have its negotiations completed by noon," Mr. Lane said.

PAPER CRUSADE FOR BENEFIT OF HEALTH LEAGUE

The week beginning March 19, has been designated as paper conservation week in Maysville and Mason county. An effort is being made to collect old books, magazines, newspapers, office scraps, etc. The proceeds of the sale to extend the work of the Health Survey in Maysville and Mason county. Your papers are needed. County friends will please report to the teachers in their district when the collections are ready and the residents of the city phone J. C. Simons, phone 171, who will take your name and street number so that arrangements can be made to have the papers called for the latter part of the week.

GAVE LESSON IN BASKETRY

Mr. Jacob Roser, one of the trustees of the Lewisburg school in the county, gave the teachers of the county a lesson in basketry in Miss Jessie O. Yancey's office on Saturday afternoon. Mr. Roser wove a basket from willow branches and those present drew for it. Mr. Roser explained the work in a very interesting manner and the teachers profited very much by it. He has taught the children of the Lewisburg school the art and they are making the baskets to sell to pay for their new Vierzola.

The Auditing Committee of the Mason Fiscal Court will meet on March 29 and 30, persons having claims against the County should present them to either Squires Bauer, Dreesel or Collins.

FRED DRESEL, Chairman.

The Board of the Woman's Club will meet this afternoon at 2:30.

JOHN N. ROPER

Prominent Maysville Traveling Salesman Passed Away Suddenly at Home on Lexington Street Sunday Afternoon.

Mr. John Nixon Roper, for a number of years traveling salesman for several Cincinnati wholesale groceries and commission houses, died very suddenly at his home on Lexington street Sunday afternoon about 3:50 o'clock of heart trouble. Mr. Roper had been ill for about a week but was feeling better Saturday and expected to resume his work this morning. Yesterday afternoon he grew suddenly worse and his death occurred at the time stated above.

Deceased was born in Cincinnati, Ky., on November 10, 1870, and was therefore 46 years of age. He came to this city about 18 years ago and has resided here since that time. He was united in marriage to Miss Daisy Wheeler of this city on December 17, 1900, and to this union two children, Dorothy and Virgilia, were born. Besides his widow and two children he has survived by two sisters and one brother—Miss Clara Roper, Mrs. Harry Nichols and Mr. Albert Roper, all of Cincinnati.

Mr. Roper was a man of many good traits of character and had a large host of friends throughout this section of the state. In his younger years he was well known professional ball player but gave this up to take up a business career. He was a member of the Methodist Episcopal Church.

The funeral will be held from his late home Tuesday afternoon at 2 o'clock with services by Rev. A. F. Stahl of the Christian Church. Burial in the Maysville cemetery.

FUNERAL OF MR. WALLINGFORD

The funeral of Mr. Buckner Wallingford was held on Saturday afternoon at 2:30 from the home of his sister on East Third street. A large concourse of friends were present. The pallbearers were: Messrs. W. H. Cox, John M. Hunt, Robert L. Hoeft, C. M. Phister, J. C. Rains and Charles Hopper. The interment was made in the Maysville cemetery. The services were conducted by the Rev. J. H. Fielding.

Col. Hiram B. Daugherty, who has been confined to his room for the past several weeks, is able to be out again.

PASTOR CALLED

Rev. Locke White of Richmond, Va., Asked to Accept the Pulpit of the Central Presbyterian Church.

A congregational meeting of the Central Presbyterian Church was held yesterday at 10:45 for the purpose of extending a call for a pastor for the church. A large number of the congregation was present and extended a unanimous call to the Rev. Locke White, of Richmond, Va.

Mr. White was present at the church several weeks ago and preached two sermons to the congregation. He greatly pleased all who heard him and as the church was in the act of a pastor they decided to call Mr. White.

Mr. White has already expressed his willingness to accept the call. He is at present a student in the Union Theological Seminary in Richmond, Va. He will graduate in May and will take up his duties here about June 1.

The congregation of the church feels that it has been very fortunate and that God has greatly blessed them in directing him to this work.

WATCHFUL WAITERS

How absurd it was in President Wilson to ask or expect Holland or Denmark to join us in breaking relations with their powerful neighbor Germany which might do them enormous damage before the Allies could come to their defense. If Holland, acting on our advice, should invite attack could she rely on us for help?

We could do nothing to protect her nor is it certain that we would if we could. If Holland should be laid waste with fire and sword, would we be any more likely to protest than we did when Belgium was devastated? If Denmark should be overrun and every pound of its food shipped into Germany would we take action when we do not even consider it expedient to convey our own great liners threatened with destruction for fear of giving Germany offense? Imagine the feelings of Holland and Denmark if they took hold stands at our suggestion only to find that we had crawled out through some technical hole and left them in the lurch. Unfortunately there is nothing in our recent record to warrant those nations or any others in believing they could safely lean on us for aid. They know us to be watchful waiters, watching eagerly for the opportunity to making peace without victory, without honor, without reparation for injuries done us or security for our rights.—Rochester Post-Express.

THE FOOD RIOTS

The significance of the food riots taking place in several of the big cities cannot be lost upon the officials charged with the welfare of the country, and certainly should drive them to quick and sharp action aimed at bringing relief.

These riots, a reminder of similar unrest in the winter and spring of 1914, are somewhat ironical, as they come in a period when the United States is supposed to be enjoying the greatest prosperity of its history. The occurrences of 1914, however, resulted from the lack of employment, those of today from the high prices of food. The reason for the present disturbances doubtless will be found to be based on exactly the same cause as the unprecedented prosperity—the demand of Europe for everything that can be produced in and shipped from this country.

The residents of even the smaller cities are feeling the pressing evil brought by the high prices of food. We can appreciate, therefore, the seriousness of the situation in the densely populated centers. It is evident that heroic measures will be necessary in the very near future if the peace and well-being of the country are not to be disturbed by regrettable suffering.—Parkersburg (W. Va.) News.

TARIFF REVISION

By the Next Congress Will Meet With No Serious Opposition According to One of the Leading Republicans of the Country.

Washington, March 17.—The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement at its Washington Headquarters:

"In the tariff revision which the Republican majority of the next House of Representatives will undertake, no such resistance will be encountered as that which almost without exception has been experienced by tariff legislators in the past. If the Wilson-Underwood law has performed no other good service it has served to convince the people once more that the Democratic policy is wrong in every particular.

"Since the enactment of that law we have witnessed each session the Democrats enacting some sort of tax legislation in the hope of making up our losses in customs revenue. We have had the war tax, with its adhesive stamps plastered from Maine to California, exacting as its petty tribute for communication enough copper pennies to wire the nation, taxes on capital stock, income and corporation taxes, the rates finally doubled, the free sugar clause repealed, bond issues authorized, a tax on munitions, on inheritances, on profits, encroachments on States' sources of revenue in every direction, while the average tariff rate of duty at our ports fell from 20 to 15, to 11, and at length to less than 8 per cent. And still the Treasury deficit grew and expanded.

"In its effect on our trade the people saw our imports increasing at the monthly rate of \$10,000,000 during the first ten months of its operation before the war broke out, while our exports were falling off at the monthly rate of \$16,000,000. They know that in spite of the fact that 1916 was a war year imports increased \$600,000,000 over 1913, nine months under protection, while customs revenues for 1916 were \$93,000,000 less than for 1913. They recall the depression which existed before the war began, and they are acquainted with the part which the war has played in our astonishing export trade and resulting prosperity.

"But, more convincing than all this is the certainty with which we look forward to post-war competition. We know that the entire commercial policy of Europe is to undergo a change. The British Empire is to become a protective nation; France is to raise her duties, and so is Russia. Government backing of industrial enterprises will be the rule in Europe. Trade pacts to control the sources of raw

materials and to restrict foreign competition have been signed. Credits will be liberal. Labor will be plentiful, many of the skilled occupations carried on by women; while large numbers of the Orientals are being transported to Europe to do unskilled work.

"Conditions have changed," remarked the President, in exclaiming his change of mind on a tariff commission; and indeed they have, not even Mr. Wilson knows how much. But the commercial mind of America is thoroughly alive to the future. We realize that there must be no more bickering between competing interests, but it must be each for all and all for each. Commodities which can be produced in this country must be protected from the low-production cost of like commodities in Europe. We have seen the folly of requiring that one man's product be free-listed because another man uses it in manufacture, while the manufacturer requires that his finished commodity be protected. Protection has ceased to be regarded as local—it is national. Thus the next Republican House will take up the question earnestly supported by

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught. Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

the great majority of the people. The conditions we are about to face will control its deliberations, the conditions of ten years ago will not so much matter. In our foreign relations we will stand by the President wherever and however he is right; in our domestic affairs we must stand by the Republican House."

Baltimore, March 14.—The six Baltimore boys who refused to salute the flag because they were "Internationalists" will have to salute it in the presence of their school mates and recite "The Star Spangled Banner" and "My Country 'Tis of Thee." This was the decision of the school board today which announced in that way only would the suspension against the six be lifted. It is understood that all now are willing to comply. All except one are of Russian extraction.

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and kidney disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed—Read this Maysville woman's convincing statement:

Miss Dora Edgington, Wood St., Maysville, says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times, my kidneys have become weak and have been irregular in action. My back has ached, too and has been very weak and lame across my kidneys. When ever I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chasler's Drug Store, if troubled in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 50c all stores. GERMAN FAILS IN U-BOAT WAR, REPORT SINKS 78 SHIPS

London, March 14.—The Associated Press has been pined in possession of a review of the first six weeks of the German unrestricted submarine campaign. The figures given are from the Board of Trade reports, and the conclusions are those of a highly competent authority.

"The German submarine campaign, reported to have assumed enhanced

vigor on February 1, must be singularly disappointing to the Germans themselves," says the review. "At the beginning of January, 1917, Great Britain possessed approximately 3,731 vessels of 1,600 tons and over. Many others of lesser tonnage are not taken into consideration, owing to the importance of restricting the question to overseas traffic and cargo, judging the results carefully and looking to possible future developments.

"From February 1 until March 14

the losses of British ships of over 1,600 tons were approximately seventy-eight, which number deducted from the total leaves the British mercantile marine with 3,653 ships of over 1,600 tons after six weeks of German submarine warfare.

"It should be remembered that a very large proportion of tonnage is on the stocks building for the British mercantile marine, and a fair percentage of the total is being turned out monthly. In the total above mentioned no account is taken of ships completed or bought in neutral countries."

DRASTIC BLUE LAWS ARE PASSED BY THE CITY COUNCIL OF KUTTAWA, IN LYON COUNTY

Princeton, Ky., March 15.—Acting upon a petition signed by a large number of the citizens of Kuttawa, Lyon county, the Town Council of that place has passed an ordinance prohibiting the sale of all drinks containing any per cent. of alcohol. The council also passed an ordinance making it unlawful to play pool, billiards or any kindred games in the town. In addition to this ordinance another one was passed prohibiting the sale of all kinds of colas—whether coco cola, chero cola or any other kind—in the town.

Violations of any of the ordinances subjects the offender to either or both fine and imprisonment, at the discretion of the jury.

WE HAD OUR HEALTH

Suffered Much Pain, Yet Had to Work. Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Toledo, Ohio.—"I am a widow and go out nursing, and suffer from a female trouble that caused a great deal of soreness across my back, and through my abdomen. Sometimes it would be very painful after a hard day's work. I read about Lydia E. Pinkham's Vegetable Compound and tried it and it has helped me wonderfully, so the soreness is all gone now. I believe Lydia E. Pinkham's Vegetable Compound is just the remedy for female troubles." — Mrs. ELIZABETH JOY, R. F. D. No. 4, Toledo, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today is regarded as the most successful remedy for female ills. There are thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., to prove this fact.

THE NEWSPAPER LAW

Few readers of newspapers and periodicals fully and clearly understand the laws governing subscriptions. Below are the decisions of the Supreme Court of the United States on the subject.

"Subscribers who do not give express notice to the contrary are considered as assenting to renew their subscription."

"If subscribers order a discontinuance of their periodicals, the publisher may continue to send them until all dues are paid."

"If subscribers continue to take the periodical from the postoffice to which they are directed, he is responsible until he has settled his bill and ordered the paper discontinued."

"If subscribers move to other places without informing the publisher, and the papers are sent to the former address, the subscriber is held responsible."

"The courts have held that refusing to take periodicals from the postoffice, or removing and leaving them uncalled for is prima facie evidence of intention to defraud."

"If subscribers pay in advance, they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it and the subscriber will be responsible until express notice with payment of all arrearages is sent to the publisher."

Cataract Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Cataract Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing cataract. Send for testimonials, free.

PUBLIC SALE
Having decided to quit farming, I will on Saturday, March 17th, at 2 o'clock, sun time, sell to the highest bidder without reserve or by bid my farm containing 156½ acres, located on the Valley Pike eight miles West of Maysville, Ky.

This farm is in a high state of cultivation, and has on it an eight room house, tenant house, two tobacco barns, stable, corn crib, and other outbuildings, cistern, wells and pools of never failing water. I will offer this farm in two tracts, one of about 65 acres, with barn, and tenant house, and the remainder with the dwelling house, tobacco barn, and all of the outbuildings. Then I will offer it as a whole, and which ever way it brings the most money it will be sold that way. Here is a chance to get either a large or small farm. Terms will be announced on day of sale. Prospective buyers will be shown over the farm any day before sale. For further particulars see Mr. Boulden on the farm or the undersigned. J. PICKETT BOULDEN, Owner.

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers. This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather to permit any agent to stock cars in anticipation of later spring sales. We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now. Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months. Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

Mr. A. F. Curren of East Fourth street spent last week in Cincinnati.

Miss Emma Winters, forewoman at the Gibson Garment Co., spent Sunday with her mother in Cincinnati.

Miss Gertrude Casey of Nedins, New York, is visiting her sister, Miss Annie M. Casey of Court street.

Mrs. Charles Curren of East Fourth street will leave this afternoon for Augusta to spend several days.

Messrs. Clarence Jolly and John Case of Fairview, Fleming county, were visitors in this city Saturday.

Mr. and Mrs. M. M. Gary have been called to the former's home in North Carolina on account of the serious illness of his father, who is not expected to recover.

Miss Zoruyda Cochran returned to her home on East Second street Saturday after spending several weeks in Louisville. Miss Cochran was very popular with the social set in that city and was several times honored with dances and receptions.

Mrs. Davis Anderson and son, Buckner Wallingford Anderson, Mr. and Mrs. Buckner Wallingford and Mr. and Mrs. Bates of Cincinnati were in this city Saturday to attend the funeral of Mr. Buckner Wallingford, returning home that afternoon.

RIVER FALLING

All Dangers of a Flood Passed—Very Little Damage Done in This City Although Some Few Houses Were Entered.

The river is falling this morning at a very rapid rate. The gauge is 60.5, which is a fall of about three feet and a half since Saturday. The fall was very slow yesterday but is increasing rapidly.

The flood did no great damage in this city. A number of houses on Front street and on Lower Wall were entered but no great damage was done. Some several houses were entered in Aberdeen.

The water will have left the sidewalk under the C. & O. bridge by noon it is thought by a large number of persons and that uninterrupted car traffic will be had by tomorrow morning.

The river has been the highest since the 1913 flood. When the river began to rise rapidly many persons who went through that flood were considerably scared up over the prospects of another big river but their fears soon proved groundless.

The Greenland is due up tonight for Pomeroy and the Chilo for Manchester.

The ferryboat and wharfoat for the past few days have been cut off from wagon traffic on account of the C. & O. bridge but Capt. Phister this morning stated that the river would be low enough tomorrow to allow wagons to enter both floats.

MOTHERS

Should see that the whole family take at least three or four doses of a thorax purifying system cleaning medicine this spring. Now is the time. The family will be healthier, happier and get along better if the blood is given a thorax purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system driven away. Hollister's Rocky Mountain Tea is the very best and surest Spring Remedy to take. Get it at once and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. 35c. The best Spring tonic-laxative, purifier. J. J. Wood & Son.

CITY MISSION WORK

Explained in Article by Mrs. Cora A. Peddicord, Superintendent of That Institution.

The work of the Mission like all forms of social work, is to help people lead normal lives, we can best understand just what normal life means by analyzing it into its five elements, health, education, employment, recreation and spiritual development, even so simple a standard of normal life is not reached by many families, and the absence of one or more of these elements does not necessarily mean dependence, but it does mean abnormal life, of which dependence is one form.

What Is the First Step?
A family is referred to the Mission by a private individual, by a church, or by some other organization or the application is made in person, a visit to the home is made within twelve hours sooner if possible and any emergency distress is relieved at once from the nearest grocery store or coal yard. Then follows an investigation.

What Is An Investigation?
It is not an attempt simply to separate people into worthy and unworthy. It finds out the causes behind the immediate situation. Investigation means not only visits to the home, but visits to relatives, employers, school teachers, ministers, friends and others who have known and been interested in the family. In other words it is necessary to obtain information regarding a family from a number of different people, if the real truth is to be revealed and the real way out to be indicated.

What Follows Investigation?
Treatment follows investigation, first as treatment follows diagnosis in the case of the physician. We work with, not merely for the family. A plan for the rehabilitation of a family must be carefully considered from all points and to be successful must include ways of winning the cooperation of the family itself and of private agencies, city departments, or individuals, all working towards the same ends. There are usually many problems involved. It may be necessary to find employment for one or more in the family to secure the help of the truant officer for the wilful boy, to ask the aid of the health department to abate a bad sanitary condition, to call the visiting nurse, it will be necessary sometimes to interview the physician, a lawyer, and the insurance agent. We may give clothing and a certain amount of relief until the husband or the wage earner returns to work. A single family may present all these problems and often many more.

What Is Co-operation?
Co-operation is the watch word in the business world, and in the charitable field.

The best way to deal successfully with destitution is to have as many of the individuals, societies and churches that are interested in the charitable work of the community sided together. No social worker can fulfill their task alone, they must of necessity rely for help in state laws, local ordinances and city departments, also be closely allied with the heads of our industries. A great majority of our citizens are under the impression that the City Mission gives a great deal of material aid to the employees of the Cotton Mill. The impression is wrong. The men and women working in the mill are self-supporting. In case of sickness of the wage earner it is obvious, that adequate relief be given to tide the family over, only eight families of the mill have been assisted during the past six months and in each case the alleged cause was sickness, accident and death. The relief and other work done by the Mission is pretty well distributed all over the city.

The East End, Fourth, Fifth and Sixth streets and the West End all visited and looked after to the very best of the workers' ability.

Unemployment is fortunately a vanishing problem at the present time. The industrial situation is, you might say normal, there is work and plenty of it for both men and women in Maysville and at no time during the past year has relief been given on account of unemployment. Second-hand clothing is given to all when the income is insufficient to buy same. To abolish poverty we must attack disease, ignorance, vice, unjust social and housing conditions. Health, education, employment, recreation and spiritual development.

The City Mission means the co-operation of social forces in an effort to bring these elements into the lives of the unfortunate.

ation of social forces in an effort to bring these elements into the lives of the unfortunate.

CORA A. PEDDICORD,
Supt. City Mission.
